PRODUCT DESCRIPTION

GROHE BauEdge Concealed Shower System – a versatile mix of slimline style and innovative features

The chic GROHE BauEdge Concealed Shower System, which has everything you need for the perfect showering experience in one complete package, adds instant style and hard-working functionality! The slim and elegant BauEdge single-lever trim with 2-way diverter – paired with the Rapido SmartBox universal rough-in box for concealed installation – has a cool modern look. Thanks to the durable GROHE SilkMove ceramic cartridge, you can enjoy a velvet smooth control of water flow and temperature using the solid metal lever. And the German-built technology guarantees great showering performance. The 250mm head shower, which has a 380mm arm, delivers our soothing Rain spray, but don't forget the 110mm hand shower*. It has two great spray options via the innovative GROHE SmartSwitch diverter – the powerful Jet spray, which is ideal for hair washing, and the Rain spray that is as gentle as summer rain. The hand shower has a ShockProof silicone ring, which protects damage if dropped. It comes with a holder with shower outlet and a 1500mm Rotaflex hose with TwistStop function. GROHE DreamSpray technology ensures an even flow from every SpeedClean silicone nozzle, which can all be cleaned with a simple brush of your finger. The hard-wearing easy-care GROHE Long-Life finish also keeps the set looking stunning for a lifetime. And the good news is that the installation of the trim is swift and easy, thanks to GROHE FastFixation, which has a locking system, covered escutcheon and shaft sealing. That means there is no risk of leaks! The GROHE BauEdge Concealed Shower System – simplicity, contemporary style and all-in-one performance! * Optional flow limiter for water-saving 9.5 l/min is included for the hand shower.
